

CHOOSING A PROFESSIONAL LEARNING EXPERIENCE

EARLY CHILDHOOD EDUCATORS WHO REGULARLY INTERACT WITH, NURTURE, EDUCATE, AND SUPPORT YOUNG CHILDREN DIRECTLY BENEFIT FROM PROFESSIONAL DEVELOPMENT FOR THEIR WORK IN THE CLASSROOM.

SELF-PACED

Beginner-Level Learning

- Typically one-three hours long.
- This information is for those new to the subject or who would like a refresher before taking an intermediate or advanced option in the same area.
- Self-paced training prepares you for digging into the content during a live session allowing for deeper reflection and more time thinking about application.

INSTRUCTOR-SUPPORTED

Intermediate and Advanced-Level Learning

- Longer time commitment; includes a few sessions so you can dig deeper into the content and get support through implementation of new ideas in real time.
- Perfect for teachers with a bit more experience or those who took a related self-paced and would like to further explore the topic with support of instructors and coaches.
- If you enjoy in-person learning, we've incorporated hybrid options that provide you time to connect with peers and coaches via zoom as well as in the same physical space.
