(302) 831-3239

Not sure which of these is for you?  
Let your DIEEC FCC Technical Assistant  
help you.

We're here to support you every step of  
the way.

The Delaware Institute for Excellence in Early Childhood (DIEEC) offers a range of professional learning experiences (PLEs). PLEs include two parts - a workshop session or series of workshop sessions AND a follow-up component to support implementation.

Follow-up activities may be a group or individual experience and are designed to support you in reflection and consideration of how you may want to move forward in your own program. The DIEEC home-based team is offering a selection of PLEs that have been designed just for you, the family child care professional.
