

DELAWARE INSTITUTE FOR EXCELLENCE IN EARLY CHILDHOOD

FAMILY CHILD CARE NETWORKS

Are you interested in partnering with publicly-sponsored programs like Early Head Start or the Delaware Early Childhood Assistance Program (ECAP)?

DIEEC is here to assist family child care (FCC) educators in building their capacity to partner with state and federal programs.

We want to support you in these opportunities, while learning from you how to build a system that is more supportive of FCC educators' participation in publicly-sponsored programs.

BENEFITS OF PARTICIPATION

- Support from a network coordinator
- Collaboration with other FCC educators
- Targeted professional development
- Business operations support & financial incentives
- Access to a shared services platform

WE WANT YOU
